Kata Pengantar

Komoditas perkebunan merupakan andalan bagi pendapatan nasional dan devisa negara Indonesia, yang dapat dilihat dari semakin meningkatnya nilai ekspor komoditas perkebunan. Hal ini menunjukkan bahwa peran sub sektor perkebunan semakin meningkat dan diharapkan dapat lebih mendorong pembangunan perkebunan secara nasional. Agar dapat lebih bermanfaat bagi masyarakat, terutama stakeholder perkebunan diperlukan adanya publikasi data dan informasi komoditas perkebunan yang akurat, mutakhir dan konsisten. Untuk itu, Direktorat Jenderal Perkebunan secara rutin dan setiap tahun mempublikasikan Statistik Perkebunan Indonesia.

Statistik Perkebunan Indonesia Tahun 2011-2013 menyajikan data luas areal, produksi, produktivitas baik secara nasional maupun provinsi menurut bentuk/status pengusahaannya yaitu Perkebunan Rakyat, Perkebunan Besar Negara dan Perkebunan Besar Swasta. Penyajian data juga dilengkapi dengan data ekspor dan impor untuk masing-masing komoditas yang mencakup negara tujuan/asal, volume dan nilai, harga di dalam dan luar negeri serta untuk beberapa komoditas tertentu disajikan data keseimbangan dunia.

Data yang disajikan merupakan hasil sinkronisasi dan validasi data statistik perkebunan 2011-2013 yang dilaksanakan secara berjenjang dari tingkat kabupaten sampai tingkat nasional dengan mengacu pada pedoman yang diterbitkan Direktorat Jenderal Perkebunan. Data tersebut meliputi angka tetap (ATAP) Tahun 2011, angka sementara (ASEM) Tahun 2012 dan angka prakiraan (AESTI) Tahun 2013. Data yang disajikan bersumber dari data primer yang dikumpulkan dari dinas yang membidangi perkebunan di provinsi dan data sekunder yang dikutip dari data yang diterbitkan oleh Badan Pusat Statistik (BPS), Kementerian Perindustrian, Kementerian Perdagangan, Bank Indonesia, dan publikasi yang diterbitkan oleh asosiasi-asosiasi perkebunan baik dalam maupun luar negeri.

Buku ini dapat diterbitkan, atas dukungan dan kerjasama yang baik dari berbagai pihak. Untuk itu, pada kesempatan ini, kami mengucapkan terima kasih atas dukungan dan kerjasama tersebut. Kami menyadari bahwa buku yang diterbitkan ini masih jauh dari sempurna. Untuk itu, kritik dan saran yang sifatnya membangun sangat diharapkan sebagai bahan masukan dalam perbaikan penerbitan di masa datang.

Semoga apa yang disajikan dalam buku ini dapat digunakan oleh berbagai kalangan dan para pengguna data serta dapat dijadikan acuan dalam pengambilan kebijakan.

Preface

Commodities of estate crop are a mainstay for the Indonesian national income and foreign exchange, which can be seen from the increasing value of exports of estate crop commodities. This suggests that the role of the estate crops sub sectors are increasing and are expected to further encourage the development of estate nationwide. In order to better advantage the communities, especially crop stakeholders required the publication of data and estate crops commodities information accurate, consistent and up to date statistics of data. For this purpose, Directorate General of Estate Crops every year publish Indonesian Crop Statistics.

The Estate Crop Statistics of Indonesia 2011-2013 presents area, production and productivity data by province and district level of smallholders, government and private estates. It is completed by volume, value of both export and import data's and price data's.

Data presented are the result of synchronization and validation of the estate crop statistical data 2011-2013 who held the rank hierarchical of the district to the national level with reference to the guidelines which was published by the Directorate General of Estate Crops. In this edition, data of the 2011 are presented as fixed data, data of the 2012 are the preliminary data and data of the 2013 are the estimation. The primary data were collected from the Estate Crops Province Level and the secondary data were collected from related institution such as Board of Central Statistics, the Ministry of Industry, Ministry of Trade, Central Bank of Indonesia, the publication of estate commodity associations and others.

It would have been impossible to compile this book without substantial support and contribution from many institutions. At this opportunity, we would like to thank all for their support and cooperation. We realize that the publication still needs further improvement. We would greatly appreciate comments and suggestions for future improvement. Thank you.

Hopefully this publication will have high values for users and references for policy makers.
